Measure of energy and resource savings to promote behavior adjustment of the office staff in reducing electricity, fuels, water, and paper consumption

Academic Resource and Information Technology Center (ARIT), Kanchanaburi Rajabhat University has imposed a measure of energy and resource saving to promote office staff behavior adjustment in reducing electricity, fuel, water, and paper consumption. ARIT deals with documents using an electronic documentation system or e-office, sends and receives correspondence via e-mail instead of paperwork, and campaigns on paper reuse.

Electronic Documentation System (E-Office)
